

Snow / Adverse Weather Policy

School Closure

- If the school is closed due to inclement weather then Rialize will unfortunately have to close as well.
- If you wake up to snow please check our website www.rializechildcare.com where we will update the news section as early as possible

Snow during club hours

If it should snow heavily during club opening hours we will take in to consideration the safety of staff and children before we decide to close. The managers will make that decision and contact parents and update our website under the 'news' section. Parents are expected to arrange collection of their children as soon as possible after contact.

If we have to close due to inclement weather then sessions will be non-refundable in this instance.

Keep an eye on the School's website for updates as they will also let parents know what is happening.
